A LARGER AND BETTER PAPER FOR DAYTONA NEXT SEASON.

What Do You Say Daytonians?

The Daily News Has Striven To
Give The News And Adver-
tise The Town.

With today's issue the Daily News
makes its daily visits to the hundreds
who have given it encouragement and
support.

Running a daily on the broad scale
that has been done this year was an ex-
traordinary and seemed an agreeable sur-
prise to many of its friends. Notwith-
standing this advance step over previ-
ous seasons there are still many im-
provements we have in view for next
season, provided sufficient encourage-
ment is given.

It is proper in this connection to ex-
press thanks to subscribers and to ad-
vertisers for the encouragement and
patronage extended during the season
closed with this issue. Without such
liberal patronage a creditable daily
could not have been maintained.

We promised advertisers, when sol-
iciting business for the daily, to give them
a paper Daytona need not be ashamed
of, and an honest, persistent effort has
been made to keep the pledge.

The majority of Daytonians have sup-
ported the paper liberally, and we feel
confident they have gotten a return
value for every dollar expended. The
town has been boosted as never before,
and thousands upon thousands of copies
of the Daily News have been mailed to
every section of the United States, and
columns upon columns could have been
used in referring to the various papers
which advertised the town by clipping
from the paper, and commenting upon

It has been the aim all along to pre-
sent the news in a fresh, snappy, aggres-
sive, pleasing style; not measured and
pedantic; not ponderous and stilted.
You have been given the gist of matters,
the meat of things, in terse language.
So long as the present management is at
the helm this policy will be maintained.

Many people have expressed surprise
that a city the size of Daytona could
maintain so creditable a daily. Do you
want a paper next season as far superior
to this season's as this has surpassed
those of past years? It is needless to
enter into an explanation of the many
advantages to Daytona to have a
reputable creditable paper. Your good
practical sense will suggest a score of
reasons at once. It takes support to
run the sort of paper you want; the sort
Daytonians ought to have.

Already at great expense a splendid
newspaper plant has been built up. It
represents a capital of thousands of dol-
lars, and it is proposed next to install a
Mergenthaler linotype machine at large
expense, and if the public will show
symptoms of responding we can give
you a daily next season which will be a
greater credit to the city, and will
reflect the Daytona as nothing ever has
before.

There has been a serious handicap this
winter for want of space and for inability
to publish as much news as can be
handled next season, provided you will
respond with liberal patronage.

There are now on the editorial desk
probably a score of really interesting

clippings and contributions which friends
of the Daily News were kind enough to
hand in for publication, but a limited
space necessitated holding them back
and they gradually accumulated.

With a larger paper and a type-setting
machine as contemplated all this matter
could be properly handled and we could
do Daytona and her business interests
proud.

The editor or an authorized repre-
sentative will call upon the business men to
ascertain their interest in a better paper
and a greater Daytona. Think it over
and be prepared to talk business.

Wishing each and every reader of the
Daily News a pleasant and prosperous
summer, and expressing a hope that
next winter may find you all gathered
here again, it is now—Goodbye.

MIDNIGHT
BURGLARS
MAKE SCOOP

Organized Band Operating Sys-
tematically, Riding in An
Automobile.

S. SHEAR THE LATEST VICTIM.

Last night about midnight S. Shear,
who lives with his son, E. L. Shear, on
the corner of Ridgewood and Fairview
avenues, awoke to find a light burning
in his room. Hastily glancing around
he discovered two men on their knees
going through his trunk.

He made for his cane, and began bat-
tle, when one of the men cut through
Mr. Shear's night clothes, inflicting a
slight flesh wound, but he was more in-
tense on getting out, and did so through
a window, jumping to the ground below.
The other burglar had gotten out and
gone down a ladder, which they had
taken from under the house and put
against the upstairs veranda.

The pair had gone up by the ladder,
and cut a screen out of Mr. Shear's win-
dow, gaining access by this means.

Mrs. Entekin, who resides across the
street, was administering medicine to
a sick child and heard an automobile
stop out in front. She looked out in
time to see it disappear, closely followed
by a bicycle. It is supposed accom-
plices were in the automobile and that
the bicycle or bicycles were in readiness
in case the automobile had to leave pre-
maturely.

Upon an investigation Mr. Shear dis-
covered that the thieves had made way
with \$110 in cash and a gold watch.

It seems that there is an organized
pair or gang of burglars who are system-
atically working the town, and usually
with good results. Keep your firearms
ready and try to mark one of the burg-
lars so that the watches, at least, may
be recovered.

ARCHITECT AT WORK ON THE PLANS

Dr. E. L. Potter Busy With In-
tiatory Work Of The New
Clarendon.

BUILDING BOOM INAUGURATED.

Dr. Potter's architect, a specialist in
modern hotel construction, is in the city
working out the plans for the big hos-
telory which is soon to start from the
ground.

Dr. Potter and the architect have
been on the beach looking over the site,
and they are now down to business
working out details.

They are making all possible head-
way, but to plan and construct a build-
ing along the lines and of the propor-
tions contemplated, necessarily will re-
quire more time than it would to build
the regulation wooden structure.

A huge fire-proof building of concrete
and steel with all the up-to-date essen-
tials, means that Dr. Potter will be an
exceedingly busy man till those details
are disposed of and the new hotel stands
spick and span, grand and imposing, on
the prettiest beach a breaker ever thun-
dered upon.

The new location for the Clarendon
will start a building boom something
like two miles south of the former loca-
tion, and this will have a bearing on the
location of the big concrete bridge
which will sooner or later span the Hal-
fax.

In a visit to Daytona a few days ago
Representative Jas. E. Alexander as-
sured the Daily News that the prospect
is good for State aid on such bridge.

Mr. Alexander thinks the State will wil-
lingly vote an appropriation of say one-
third the cost, and that Daytona should
bear a certain proportion of expense
and the cities on the peninsular side the
remainder.

The prospect for the materialization
of all these schemes which mean so
much for the Daytona district look
bright indeed, and already the sound of
the hammer and the buzz of the saw
are heard.

CITY COUNCIL APPROVES.

Council met last night in special ses-
sion, President Gove in the chair.
There were present Aldermen Conrad,
Osborne, Klock and Mills. An ordi-
nance providing for and requiring bonds to
be furnished by the members of the
Board of Public Works for the sum of
\$10,000 for the faithful performance of
their duties was passed.

Moved by Alderman Klock, seconded
by Alderman Osborne, that the City
Council does hereby approve the sale of
the water works bonds to the Wm. R.
Compton Co., St. Louis, Mo. Carried
unanimously.

Mrs. A. C. Phillips and daughter,
Miss Vera, of Manchester, Iowa, who
have been with their friends, Mr.
and Mrs. E. M. Condit, corner of
Palmetto and Orange avenues, since
some time in January, departed this
morning on their return north.

LAST CALL FOR THE COUPONS.

To-night The Long-Fought Vot-
ing Contest For Piano Comes
To An End.

WHERE COUPONS MAY BE HAD.

Voting in the Bush & Safford Piano
Contest closes tonight with the closing
of the various places of business which
participated in the contest. The results
of the contest as given out for several
days past show that hundreds of people
are keyed up to a high pitch of interest.

Watch out for Saturday's edition of
the Gazette-News. It will contain many
interesting details of the long battle and
will announce the names of the winners.
You do not want to miss it.

If you know where a few votes can be
turned in go after them and induce ev-
erybody who can to pay off their debts.
They may mean a good deal at this stage
of the proceedings; besides it is better
to pay debts and keep the money circu-
lating than it is to hoard it up in an old
stocking.

Many are paying for the Gazette-
News and getting their 500 value cou-
pons. Join the procession and try the
weekly. A breezy budget of news from
this favored section of the Southland if
you reside North, will be refreshing. If
you live hereabouts you cannot afford to
be without the paper.

The office will remain open this even-
ing till 9 o'clock in order that any who
wish may call and get in line and help
out a favorite.

Be sure to get in your votes today;
there will be nothing doing in the vote
line tomorrow.

This is the list of firms which issue
coupons and any debt paid those firms
from five cents up will entitle you to
coupons of corresponding value:

MRS. RAWLINGS FEARS HYDROPHOBIA.

Bitten By Strangely Acting Cat
—Test Shows Evidence of
Rabies.

WILL TAKE PASTEUR TREATMENT

A few days ago Mrs. J. W. Rawlings,
wife of the Second avenue dairyman
had a cat to return home after a several
days' absence. Naturally she was inter-
ested in the return of her pet and not-
icing that it acted rather strangely she
thought to examine into its condition.

Taking it up the feline exhibited rabid
tendencies, biting and scratching Mrs.
Rawlings before she could dispose of it.
They killed the cat and sent its head
to Jacksonville for examination to de-
termine whether or not it was rabies.

Yesterday Dr. Atwood had a telegram
from the State Board of Health, who
make such tests, saying it was clearly a
case of hydrophobia.

As a result Mrs. Rawlings will at
once take the Pasteur treatment.

With the improved methods and facili-
ties for handling the serum, the city
physician can safely handle such cases
in Daytona hereafter, and Mrs. Rawlings
will be saved the expense and in-
convenience of a long trip. Dr. Stewart
says he apprehends no trouble in effec-
tively treating the case.

The incident has stirred the neigh-
borhood and everybody is on guard lest
other animals develop the disease.

APPRECIATES THE DAILY.

To the departing Daily:
And so you are going to leave us—go-
ing the way of tourists and other birds
of passage; well, here is the hand of one
who enjoyed your presence. You were a
pleasant daily visitor with your spark-
ling head lines, your breezy columns,
your cheerful daily comments, your en-
couragement of all that made for pro-
gress, enterprise, energetic and larger de-
velopment. Daytona, I am sure and
we, your readers across the river, shall
be pleased to welcome you back "when
the leaves begin to fall" and "frost-
winds sere the heavy herbage of the
ground" to the land of the waving palms
and the shining waters of the sun-kissed
Halifax. This has been a pleasant,
prosperous season and while with us you
have done much to encourage all that
was worthy of encouragement, and we
sincerely hope that you'll be an enter-
prise, has received full returns, and en-
couragement for future effort. The
migratory instinct clamors for its own
and we would dearly love to join the
Northbound travelers, but we must sup-
press the Wanderlust within and remain
to prepare and further develop the coun-
try for your next season's return, and
those coming thousands who are sure to
follow to find long desired rest and recre-
ation on this choice bit of God's country.
And with your return we hope to find
the silent, pleasant, courteous man who
directed your daily "make-up" at his
desk again.

Here's bon voyage to you, Mr. Dem-
are, and the tip of our hat to Mr. Fitz-
gerald for having served us with a bright,
sparkling "Daily" during the season,
and let us hope that it can be made a
permanent factor among us before long.

CHAS. F. BURGMAN.

ANOTHER BURST OF SPEED SHOWN BY KINGSTON SCHOOL.

AN IMPROMPTU STUNT PULLED OFF.

Captured Saurian And Got All
That Was Coming To
Them.

DARLINGS GOT MONEY'S WORTH.

Since December, 1908, W. L. Darling,
of Corry, Pa., has resided on Fairview
avenue. That he has caught more fish,
both in numbers, variety and weight
than any one else none probably will
dispute.

Later in the season he was joined by
his three sons. The last to arrive, Dell
Darling, is a hot competitor of his dad;
in fact the two have kept Fairview ave-
nue supplied with fish pretty well all the
time. Last night W. L. Darling, Dell
Darling and Mr. Parker, of Newton, Pa.,
pulled off a stunt not on the program.

On the way to the Peninsula bridge the
trio discovered a monster gator enjoy-
ing the balmy evening atmosphere.
Darling, Sr., laid plans at once for his
capture. Securing a boat, he stole
noiselessly upon the gator, but the
gator was wise, and ducked, but not
deep enough to lose himself. Darling's
eagle eye caught sight of him resting on
the bottom. Casting his hook and line
across his tail he gave one mighty pull.

There are several versions as to what
happened, but there were wet men and
one gator at the finish, and Darling
carries a smile that won't wear off.

Will take the Pasteur treatment.

ROAD TO JAX. IN BAD SHAPE.

Jas N. Gamble is back from St. Aug-
ustine by automobile and found the
road in fair condition to the Ancient
City but he was told by John
Anderson, of the Hotel Alcazar, to ad-
vise automobilists not to attempt to
make the trip from St. Augustine to
Jacksonville as that part of the road,
owing to the recent heavy rains, is
almost impassable.

The road is in bad condition hav-
ing been recently worked upon and
it had not had time to pack when the
tremendous rain of Monday softened it.

Making a Brilliant Finish.

Daytona High School And Rifle
Boys In Close Race
Yesterday.

Those who were expecting a pyro-
technic display in the finish of the piano
contest are not going to be disappointed.
Kingston school, by a spectacular burst
of speed, has surged to the head of the
list of out-of-town competitors for the
piano and it now looks as if the boys and
girls of this pretty little suburb may en-
joy the pleasure of "pounding the box."

Until the last few days Wilmas
opera house has held what nearly every-
body has conceded was a safe lead in the
race, but it seems somebody, or several
somebodies, have turned their attention
toward Kingston school and are work-
ing energetically and in unison for vic-
tory.

In Monday's count Wilmas opera
house had 547,200; Kingston school had
514,210; a lead for Wilmas of 32,990
votes. It will be seen by today's vote
that Kingston school cast 145,815 votes
and passed Wilmas opera house for the
first time, and instead of being 32,990
votes behind Wilmas is 120,925 to the
good. The editor was so astonished at
the figures he had to take a second look
before he could trust his eyes.

But you understand the race isn't over
at the hour this is written, not by many
hours, and there is no telling where the
wheel of fortune will stop. It is time
yet for a "dark horse" to come first un-
der the wire.

There was quite a batch of votes again
today not punched, or not voted, or
wrong in some way so as to necessitate
their consignment to the wastebasket.
Among this number was a batch stamp-
ed by the Gruber-Morris Hardware Co.
and not voted for anybody. There were
eighteen of these in one batch voted for
Company K and not a punch on a single
coupon. Others similarly marked were
of the 1,000 denomination. Did the
Rifles lose 18,000 votes by carelessness?

A gentleman was in the editorial rooms
this morning smiling complacently and
remarked that he knew of bills to be
paid today which will make merchants
smile and certain piano contestants sit
up and take notice.

The "shouting" and a whole lot more
besides is yet to do; don't forget this.

You haven't forgotten, have you, that
there are a large number of due bills,
both in Daytona and in the county out-
side this city, worth from \$25 to \$200,
which go to competitors next in the run-
ning to the winners of the pianos?

MESSRS. KNOX, WICKERSHAM AND HITCHCOCK.
Secretary Knox and Attorney General George W. Wickersham are very
close friends. It is said that Mr. Knox strongly recommended the appoint-
ments of both Messrs. Wickersham and Frank H. Hitchcock, the new post-
master general.

Monday will be a final drive on Clothing, small sizes, young men's styles, at figures below actual cost. We are determined to close them out and Monday is your chance.

For these two days and the following week all we have left of our original stock will be re-arranged, priced over again and closed out.

It is our plan to stock the Daytona store with new snappy goods, in all lines, for the summer. The sale is to prepare for this. It is your chance of the year. Take advantage of it.

the rain on the river and the soft gray
mist.

Miss Elizabeth Maze, of New York
city, has purchased of M. L. Waggoner,
lots 1 and 30 on University avenue and
will build a winter home in the fall. She
is the mother of C. Montgomery Maze, a

York city. Mrs. Maze has visited the
West coast as well as the East coast and
gives Seabreeze the very decided prefer-
ence over anything she has seen.

The town council met in special ses-
sion Monday night to consider an ordi-
nance granting to Geo. N. Davis, C. C.
Tuxbury and Thos. D. Bradfield a fran-

DAYTONA BEACH, March 31—The
town council met in regular session
Monday night. The new officers were
duly qualified, and the routine business
taken up. The same ordinance for
granting a franchise for an electric
street car line through certain streets
of Daytona Beach to the same
grantees, namely, Geo. N. Davis, C. C.
Tuxbury and Thos. D. Bradfield, was
brought before the council and passed
on first and second readings. Good
street car service at a reasonable rate
will do more for the peninsula towns, if
it connects with the depot, than any
other one item that may come before
the people for some time.

duct it as a boarding house during the

The Modern
Seven Wonders
 Daytona's Incomparable Ocean Beach.
 One of Daytona's crowning glories is
 her incomparable beach. No one who
 ever set foot upon its smooth, packed
 sands; no one who ever pedaled a bi-
 cycle over its expanse; no one who ever
 drove a prancing pair of horses and lis-
 tened to the popping of their steel shoes
 upon its asphaltum-like face; no one
 who ever steered a high-power automo-
 bile down the broad stretch of wave-
 washed and surf-packed sand but real-
 ized that it is a world-beater, a world-
 wonder. Go stand upon this wide
 speedway and see the happy souls fit
 by in joyous mood, and answer whether
 this is not one of the seven modern
 wonders.

The Picnic, Pellicid Halifax River.
 Where think you is water with more
 picturesque surroundings? Nearly a
 mile wide, fringed with tropical vege-
 tation, artistic cottages with roomy ve-
 randas looking out upon her bosom,
 gamey food fishes in countless numbers
 beckoning, as it were, to those with rod
 and reel; her bosom flecked with duck
 and coot and snowy-winged sea birds,
 which sit about as if for the sport of
 bobbing upon her waves; watch that
 lubberly old white headed pelican perch
 a fat mullet, and that fish hawk sit-
 tling upward with his floundering load
 be snatched from the water.
 See the beautiful launches, spick and
 span, their hampers and lockers bulging
 with refreshments both solid and li-
 quid, ready for a cruise upon her beautiful
 surface. Take out your field glass and
 sweep the river from Ormond bridge to
 Ponce Park light house, then say
 whether the Halifax isn't a thing of
 beauty and a joy forever, and one of
 the modern wonders.

The Exhilarating Picturesque Ridgewood.
 Ridgewood avenue is upon the crest of
 a broad ridge, straight as the crow flies,
 and the wide-spreading branches of the
 heavy-trunked live-oaks extend their
 giant arms across this magnificent vista,
 forming an arch, and from these extended
 arms great festoons of Spanish moss
 sway as the trade winds from tropic seas
 fan them. Looking straight ahead upon
 this white shell street one has the im-
 pression of a fairy path with elfish dra-
 peries, but as you move along and cast
 an eye first to the right and then to the
 left you see distinguished cottage homes
 in the most delightful settings.

Surpassing Beauty at Our Cottage Homes.
 No one of Daytona's attractions, per-
 haps commands more nearly universal
 attention and praise than does the artis-
 tic cottage. The owners of these charm-
 ing villas hail from every cor- r of the
 country and they bring their own archi-
 tectural plans and build upon them, and
 as the architecture of one section of the
 country differs from the architecture of
 another so do our homes differ in out-
 ward appearance and structural beauty
 from one another. There are no monoto-
 nous rows of strikingly similar buildings
 but the eye, as it sweeps by, is treated to
 a kaleidoscopic change which keeps the
 mind wondering "What next?"

Streets and Pavements the Most and Best.
 Why the Architect of the Universe
 chose to give to Daytona the most ad-
 mirable, the most picturesque natural
 setting of all the cities of the South is
 not revealed but that such is a fact
 most apparent to the most superficial
 observer. With such lavish wealth of
 natural beauty it became an easy thing
 for the hand of man to give the little
 finishing touches which have brought
 out the colors and outlines of the big
 picture.
 Man did all this in the laying out of
 the streets with their wide margins of
 parkage, the entire city becomes a
 great park.
 And as for pavements, pavements
 that look and act like granite,—where
 else between the eastern and western
 seas are so many miles in proportion to
 inhabitants? Till some unheard-of
 place reports more and better, Daytona
 throws down the gauntlet to the world.

Squirrels, Flowers, Birds and Fruits.
 Whatever one's shortcomings and
 however indifferent or eve. callous one
 may be to many things, the mere men-
 tion of "squirrels and flowers, birds and
 fruits" will send a thrill that is reflected
 in distended pupils and pricked ears.
 For every visitor with a spare "goo-
 ber" there is a bunny ready to come out
 and accept your gift. He will sit bolt
 upright and gnaw into the meat, casting
 furtive, saucy glances at you meanwhile.
 Flowers! Usually fresh and blooming
 the year 'round. In one yard roses of
 variegated hues predominate, another
 has a penchant for the poinsettia and
 the premises are aflame; another is hid-
 den in a jungle of tall cane.
 The birds fit in, and with their joyous
 notes help to give fullness and symme-
 try to the picture.
 As for fruits, choice citrus fruits, Day-
 tona yields the palm to none for quality
 and quantity per acre. There are scores
 of citrus groves in proximity to the city,
 branches bending to the earth with their
 burdens of luscious golden globes.

The Fastest Autos And The Finest Out.
 Here is where world's records for speed
 are broken with every recurring season.
 Autos the biggest, the fastest and the
 finest are on daily parade and the big
 show is as free as the pure artesian
 water from the thousand flowing wells.
 It is a continuous show with constantly
 shifting scene. You will probably catch
 the spirit and when you do the roads
 and the beach are yours. The Florida
 sunshine is free, the balmy ocean
 breezes are free, the birds and squirrels
 and flowers are free, the sparkling
 fountain water is free and you will have
 to go down in your wallet only for coin
 for the auto and bed and board.
 This is no fanciful picture; it's all
 here. It is drawing other thousands
 and holding them enthralled, it will
 charm and hold you. Come and see.

 the big fellows are biting well now.
 Fishermen are reporting fine catches

The atmosphere is delightfully
 fresh and pleasant since the down-
 pour, and the tourist who rushes off
 and leaves such pleasant weather
 may wish he were back here before
 he gets many hundred miles away.
 Daytona was visited this season
 by thousands of new faces and with-
 out exception, so far as the reporter
 heard, all were enthusiastic over her
 many beauties. There is hardly a
 nook or corner of the United States
 now but has a booster for Daytona.

Examining Wedding Gifts.
 "Women viewing another woman's
 wedding presents say things which
 are likely to be misinterpreted," said
 the bachelor who declares he hates
 weddings, but always goes when in-
 vited, according to the Washington
 Post, "and other things which no fa-
 vorable interpretation would make
 complimentary to the bride or to the
 givers. It's the way of the sex, I sup-
 pose. Now, why is it that the most
 common remark of the women who
 are inspecting the layout of silver and
 cut glass and other gifts more or less
 useful is, 'What a lot of presents she
 got?' They don't mean anything un-
 kind, but the inference an uninitiated
 eavesdropper would draw is that they
 wonder why she got so many, as if by
 rights she shouldn't have had half so
 many. Of course they vary the re-
 mark. 'What a lucky girl!' says one.
 As if she would like to add, 'Some per-
 sons have too much luck.' And an-
 other says, 'I wonder where they all
 came from,' implying almost as if the
 bride couldn't have enough friends to
 make so many gifts and must have
 sent some of them to herself just to
 making a showing."

World's Cleanest Soldiers.
 The Japanese soldier considers it a
 disgrace to be dirty. Soldiers of other
 nationalities are not always overpar-
 ticular, but, as Mr. Kipling has sung:
 Oh, east is east, and west is west,
 and never the twain shall meet.
 However, the Japanese military man
 is not provided by a grateful and be-
 neficent government with a portable
 bath, so when on active service he has
 to set his wits to work in order to ob-
 tain the necessary adjuncts to his ablu-
 tions.
 The Chinese, for reasons of their
 own, manufacture long and large jars,
 whose diameter is that of a western
 main drain. It occurred to a bright
 Japanese that one might just as well
 have a bath standing up as lying
 down.
 Accordingly he and his comrades in-
 terred a jar, built a furnace beneath
 it and filled it with water. Soon a
 boiling hot bath bubbled before them.
 Initiators sprang into being and sub-
 sequently into similar baths.—Bystand-
 er.

PORT ORANGE
URNS TO
TRUCKING.
New Yorker Buys 300 Acres
And Brings Colony To
Develop It.

PREDICTS GREAT FUTURE HERE.
E. H. Herich, President of the Herich Realty Company, Fifth avenue, New York, has recently closed a deal for several hundred acres of land adjoining the old sugar mill property at Port Orange.
Mr. Herich will proceed at once to develop the tract of land and if the results are as satisfactory as he hopes they may be he will add to his tract other hundreds of acres, and where there is now marsh and a jungle of worthless native vegetation he will grow vegetables, fruit and stock.
Mr. Herich thinks as do hundreds of others that this section has a wonderful future in truck, fruit and other farming, and he proposes to go at it in a systematic and business like way and demonstrate its money-making possibilities.
It is Mr. Herich's purpose to bring down a number of German farmers, practical, experienced men, who will erect cozy cottages upon this land and proceed to clear and plant it. They will grow the usual vegetables and will also grow fruits and keep stock, chickens, pigs and cattle.
While citrus fruits, such as oranges, of various kinds, lemons, limes, grapefruit, kumquats and other fruits such as guavas, peaches, etc., are growing they will raise strawberries and vegetables in the vineyards and orchards.
He proposes to carry improved stock to supplant the razorback and the scrub calf, and is eminently correct in his belief that soy beans, cow peas, beggarweed, Japan cane, bermuda grass and clover, where they lime the soil, can be grown in great abundance and dairying can be made immensely profitable.
A few practical, energetic, thrifty Germans with some good cows will accomplish results in this hospitable climate and soil that will be an eye-opener for the natives.
Several families have just arrived at Port Orange, and buildings are going up. The colonization scheme will be watched with eagerness, and everybody hopes it may prove an immense success.

LOCAL ITEMS.
D. C. Clifton, of Holly Hill, is marketing some fine new Irish potatoes in this city. Mr. Clifton says he will have about a hundred bushels of the tubers.
A party from The Willmer consisting of A. J. Williams, Eugene Gastel, B. H. Skinner and Mr. DuBois and son made a very successful catch of fish yesterday including a number of fine trout.
Mr. and Mrs. E. M. Holman and Henry Schmidt accompanied Mr. and Mrs. Conrad Stubenbord to St. Augustine Tuesday aboard Mr. Stubenbord's yacht, the Ernestine. A card received here this morning stated that they reached the Ancient City at 5:00 o'clock in the afternoon. They will probably return tomorrow.
D. D. Rogers returned from Miami and the extension Tuesday. He had a pleasant visit with his son and partner, C. M. Rogers, who is at present located on Pigeon Key, an island, Mr. Rogers says, not much larger than his lot on North Beach street but upon which 400 men, engaged on the F. E. C. Ry. extension work, are stationed.

GOES BACK TO NEW YORK.
Alex Schwalbach, Secretary of the Seventh Annual Automobile Race Meet, held on Daytona beach last week, departed yesterday for New York. Mr. Schwalbach is Senator Morgan's able assistant in all of his race matters and did much to promote the welfare and bring to a successful close the recent race meet. During the tournament Mr. Schwalbach supplied the Daily News with those interesting daily accounts of the races which put it in the front rank with other papers reporting the events.
